- (3) The Fellow must return to his or her home country upon completion of approved training.
- (4) The Fellow must provide evidence of a guaranteed position in a medical institution upon return to the home country.
- (5) Fellows will receive a stipend from the Society such that, taking into account the home country and/or the host institution support that they may have, they achieve a \$20,000 US revenue.

- (7) Fellowships will be offered primarily for clinical training of one to two years duration.

- (9) Fellows must have received sufficient training in internal medicine or other fields to pass all host country examinations that are necessary to the care of patients. Fellowships may be awarded to senior individuals who seek additional training but, in general, preference will be given to younger physicians who are at the beginning of their permanent careers.
